In regard to my mission here, I have to say that I am sent here by my government and your Government to support and sustain the supremacy of the Constitution and laws of our common Government, the United States of America. Extraordinary of forts have been made to induce our people to embark in a foolish and wicked assault on the Government and laws that protect them. Retailers buy these berries by dry measure, and they should retail them in the same way. In some of the Eastern cities a retailer who would attempt to cheat his customers by selling berries in wine measures would be made to pay the penalty in double quick time—just as quick as though they were caught selling short pounds of butter and cheese.

THE CITY ATTORNEYSHIP.

Alderman Hoyt presented a resolution for the appointment of a committee of five, authorized to inquire into the expediency of appointing a Police Court Attorney, also the salary of same; also to report on the best minner of scentrieg legal counsel for the city, and to fix the ealary of the City Attorney elect.

Alderman Comisky opposed the appointment of a Police Court Attorney. We got along very well without one last year. He deemed it only additional expense—another stail for some hungry office-hunter.

Mayor Rumsey expressed himself in favor of the appointment of a Police Court Attorney, Alderman Hoyts, Marshall, Holden, Law and Colby were appointed such committee to report at next meeting.
